New Beginnings...

The White Coat Ceremony is a momentous event for first-year professional pharmacy students. Each year, our P1 students are provided with the opportunity to gather in the presence of their families, friends, faculty, and alumni to receive the cloak of their future profession - the white coat. White Coat ceremonies celebrate an important milestone in the lives of first-year pharmacy students, who begin a new chapter in their journey of lifelong learning.

White coats are symbolic of the professionalism that is expected of students during pharmacy school and as pharmacists. Contributing to the care and healing of others is a privilege and an awesome responsibility. The White Coat placed on each future pharmacist is more than a familiar lab coat - it is a cloak of competence, communication, caring, curiosity, character, and community.

Please consider sharing in this special memory by contributing $35 to the sponsorship of one or more white coats today. You may return the attached donation form, or make your gift online at [http://giving.sc.edu](http://giving.sc.edu):
